

## How to pack a Spectro LFP

Edition: January 27, 2016

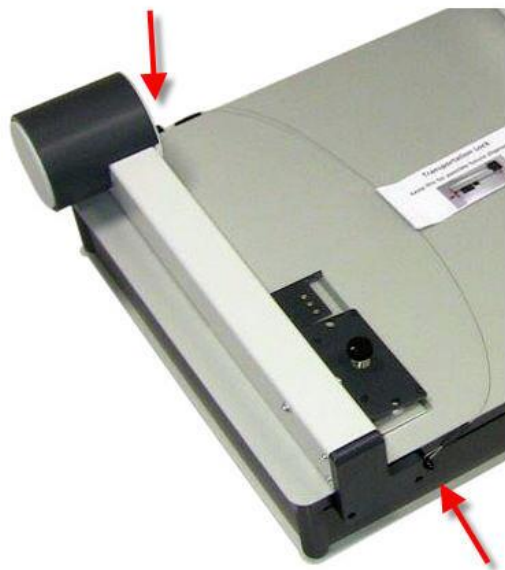

1. This is the empty Spectro LFP shipping box:

2. First please remove the top foam:

3. Now you can prepare the Spectro LFP. First insert the transportation lock:

4. The next step is to add the protective foam under the measurement head, to fix it with the rubber band and to give the LFP into the nylon bag:

5. Now insert the Spectro LFP into the shipping box and add the top foam:

6. This is how the correct packed Spectro LFP looks like:
